BE FREE MY CHILDREN

Gravelpath

A steep path leading to the Pebble Clique Circle.

Redwood

A small patch of forest inhabited by mostly finches and squirrels, and little to no ground prey. Natural predators that lurk here are wolves, foxes, and beavers.

Wind Field

A large field where the wind freely blows. The grass is long, and be careful, snakes often nest among it.

Ripple Stream

The main specs of fresh water for the Pebble Clique. Turtles and fish make excellent prey, too.

Stormhill Watch

A massive hill where only the bravest go up to watch for storms.

Hollow of Learning

Where Apprentices train with their Mentors.

Note

Hey, this roleplay needs to be at least a little bit, well, alive. Nobody at all has roleplayed, and I'm thinking of deleting the roleplay.
